## MESSAGE FROM THE **CHANCELLOR** Ms Nonkululeko Nyembezi

Heartiest congratulations to the class of 2018.

Today you have achieved what has been so far the driving ambition in your life. It is a monumental achievement and you have earned the right to feel good about it. It is your time, so stop and take a moment to savour it. Give yourself a pat on the back and share the special moment with your family and friends who have supported you along the way.

The real value of a good education goes way beyond amassing knowledge. Over and above knowledge, what DUT has hopefully imparted to you is awareness of what is real and essential to be a good person. As you leave the safe space of a university campus, there will be many twists and turns you have to navigate. In doing so, don't give up on your values but be willing to adapt to life's ever changing circumstances.

March to your own drum. In this world of social media, comparing yourself to others has become an occupational hazard. Have the courage to choose your own path based on whatever your intuition commands you to do. You will not always be sure what is the right path to choose. But if you are true to yourself, that inner voice will eventually come to your rescue and indicate the right one for you, however tentatively. Follow your heart even if it takes you away from the well-worn path. Dream big and honour your dreams.

As important as this is, it is unlikely to be the most important moment in your life. Other challenges will come. So you have to keep learning thus dedicating yourself to life-long learning. This takes commitment and may lead you to places you can hardly conceive of today. Naturally there are bound to be failures along the way as you push ever higher. At those times, it would be good to recall Churchill's timeless words: "Success is not final; failure is not fatal; it is the courage to continue that counts." And while you're at it, take the time to learn from those failures – they are by far the greatest teachers.

As you graduate today and embark upon the next phase of your life, what I wish for you is that you find work that you love. For it is only by doing so that your creative juices get stimulated so you excel and produce great results. Don't lose faith if at first you don't find this; keep looking. And remember above all else that life happens at the point of movement, not thinking, worrying, imagining, planning, talking or whatever else. So take action.

All of us at DUT are enormously proud of you.

# MESSAGE FROM THE VICE - CHANCELLOR AND PRINCIPAL

**Professor Thandwa Mthembu**

Please accept my heartiest congratulations on what is a milestone in your life, your university graduation day. I am extremely proud of you and your achievements. You are, indeed, one of a very small group of about 20% of your peers who have diplomas and degrees. You are the cream of the crop!

The degree/diploma that is being conferred on you today will certainly help to broaden your horizons, open new opportunities and position you to play a meaningful and positive role in shaping your future and that of your family. With higher education being a public good, too, the investment you and your family have made in your education will also make a significant contribution to your community, our region, our country and the entire world.

The world will be looking towards you, armed with your knowledge, skills, innovation and entrepreneurial flair, to build on the achievements of those who opened the way before you, so that you continue the journey to make South Africa a better place. You will have to actively play your part to improve our country's economic performance, to enhance our political environment, to nurture our social cohesion and to prevent the degeneration of our society that is being exacerbated by violence, crime and corruption. We place a lot of faith in you. We are confident that you will not disappoint us.

Your graduation today means more than just receiving a piece of paper that confirms your academic prowess. Many of you have had to grapple with severe personal setbacks and challenges over the course of your study. However, you have become trailblazers in your families, villages and townships. Keep striving to grow and prosper. And, always remember to do things you are entrusted with the right way, with dedication, diligence, honesty, integrity, and with excellence and accountability.

Never forget that it takes a lifetime to build your reputation and only a moment to destroy your credibility. So, always try and ensure that you do not disappoint yourself.

Your qualification will be inconsequential, unless your knowledge and skills are employed to solve the problems that are evident in our communities and particularly, for the most vulnerable members of our society. As a result, our measure of student success cannot be limited to throughput rates alone. Ultimately, it is the quality of our graduates, the knowledge and skills that you have earned that will demonstrate the utility of your qualification.

We urge you to think carefully about the legacy that you will bequeath to your children and to your grandchildren, and to the country at large. It is my fervent wish that your legacy must be one of hope and not despair. It should be one of great values and ethics, and not bigotry and hate. It should be a legacy of peace, not violence. It should be a legacy of renewal, innovation and entrepreneurship, and not degeneration. It should be a legacy of development and not of wanton destruction. Let your efforts build South Africa, let them grow the African continent and let them guide our world into a safe and prosperous future.

As we unleash you to the world with your new knowledge and skills, innovations and entrepreneurial flair, we trust that you will choose to live and lead a value-driven, principled and ethical life. Despite whatever personal challenges you may face, always stay on the righteous path. Most importantly, always remember to savour this moment and the many other exciting ones that lie ahead.

This is your day! Congratulations to you, your family, your friends and to your community. You have made us proud. Here's to your continued success and good fortune...

# ENACTUS DUT STUDENTS

**TO FLY THE SOUTH AFRICAN FLAG EVEN HIGHER!**

History repeated itself. Enactus Durban University of Technology (DUT) wins the Enactus South Africa 2019 National Competition! The Enactus DUT team of students from both the Durban and Midlands campuses defended their 2018 title and were once again crowned the national champions from the 16 competing universities at the annual National Competition held at the Sandton Convention Centre, Johannesburg from 8th-9th of July 2019 accompanied by the Faculty Advisor Ms Lana-Ann Brady and Co-Faculty Advisor Ms Nontokozo Ngcobo. Enactus DUT were the first University of Technology to win the

competition in 2018 and now to retain the title for the second consecutive year is feat indeed.

The team will represent South Africa at the Enactus World Cup where they will be competing against the National Champion Teams from 36 countries each showcasing their respective social entrepreneurship projects on the 16th – 18th September 2019 in the famous home of innovation Silicon Valley, San Jose, California (USA).

The Enactus DUT winning Agri-Business project showed how the team built greenhouses by recycling and

repurposing 2 litre plastic cold drink bottles; demonstrating the social, economic and environmental impact of the project. The team collaborated with six (6) primary schools conducting an awareness campaign on plastic waste and initiating a competition encouraging the pupils to collect 2 litre cold drink bottles. In excess of 47 000 plastic bottles were collected from the drive.

The bottles were in turn used to construct three (3) greenhouses in Cato Ridge, Mtubatuba and Enyoni. A similar greenhouse which was constructed in Noodsberg in 2018 is testament that the structure can withstand extreme weather conditions and is a cost effective solution in addressing water shortages, the cost of expensive fertilisers, reducing growing times, controls pests and allows vegetables to be grown out of season due to the controlled growing conditions. Furthermore, the vertical growing structures inside the greenhouse have markedly increased the crop yield per square meter.

The team have come up with an even more cost effective, innovative greenhouse design which they are in the process of constructing at Mangete Primary School in the iLembe district. The school will use the vegetables from the greenhouse for their feeding scheme as well as sell the vegetables to the local community as a source of income generation.

To promote the sustainability and scalability of the project, Enactus DUT have partnered with South African Mini Industry Development (SUMID) and the Department of Agriculture & Rural Development (DARD) in iLembe to assist in providing the beneficiaries with access to market to sell their produce.

Ms Brady is dedicated to developing the next generation of entrepreneurial leaders and social innovators by affording students valuable experience to advance their personal and professional lives through their participation in the Enactus programme. She attributes the team's success to their values of integrity, passion, dedication and commitment which is expressed in their many hours of activity in the

program – submitting reports timeously, travelling hundreds of kilometers to the various project sites, working and sleeping in sometimes harsh conditions, sacrificing their weekends and holidays and so much more. Enactus DUT are making history in creating a better, more sustainable world through their “never say die” attitude.

Ms Ngcobo excitedly concluded that it was a great experience to see the students fully participating in such a dramatic and energy filled event where university teams across South Africa showcased their collective impact of their respective community outreach efforts, learning from one another and from the business leaders who were serving as competition judges and sitting on panel discussions.

The DVC Research, Innovation & Engagement, Prof Sibusiso Moyo, who is responsible for the entrepreneurship enterprise at DUT, congratulated the DUT Enactus Team and its Academic Advisers as well as the Faculties, Heads of Departments and DUT Executive Team and all who continue to ensure that there is an enabling environment, time, resources and infrastructure to support the Enactus initiatives across campuses. “We wish them the very best in the international competition as they represent DUT for the second time”.

Nontokozo Ngcobo

Sounds the call to come together.  
And united we shall stand,  
Let us live and strive for freedom,  
In South Africa our land.
