

## **STATEMENT REGARDING THE RESUMPTION OF THE ACADEMIC PROGRAMME AT DUT**

13 February 2019

The Executive Committee of Senate (SENEX) at the Durban University of Technology, has considered a recommendation from the Student Representative Council (SRC) to resume lectures on Monday 18 February 2019.

SENEX discussed the SRC's proposal and agreed that the academic programme at DUT will resume on Monday, 18 February 2019.

Each Faculty and academic department will implement a catch-up programme, taking into account the time lost.

The University appreciates the patience and understanding from staff, students, parents and guardians following the tragic events that unfolded over the last week.

Sincerely

DUT Management team
