The NEXT STEP

PLANNING THE ROAD THROUGH RETIREMENT

Barry Smith

Objectives

The Seminar has the following objectives:

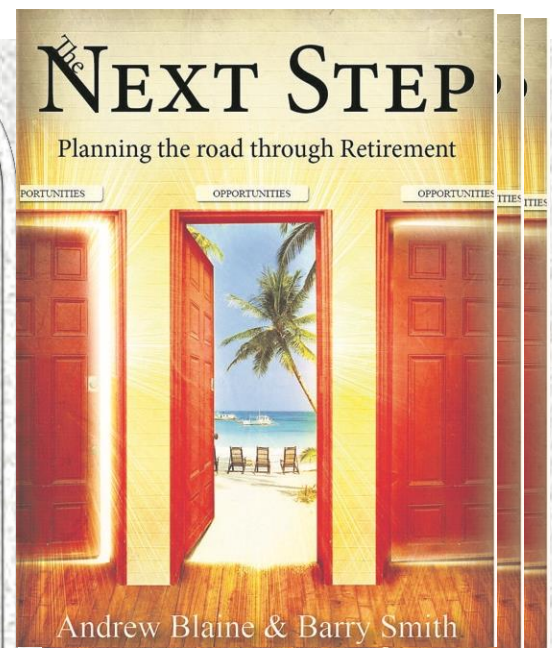

- To introduce the book, **The Next Step**, to attendees and show participants how to use it as an important tool in the planning process for the best years of their lives
- To dispel fear that can arise in anticipation of living through retirement.

Seminar Outline

Participants will learn how to use the book as the basic tool on which the planning process for living through retirement will emerge.

The seminar will involve:

The presentation of information from the book and explanations of its content in the preparation and planning of life in retirement.
