NOTE: The Firefox web browser is preferred. Click here to install it: <u>https://www.mozilla.org</u>

Login

The URL for logging in with a web browser is: https://tlzprod.dut.ac.za

- Do not click on the blue Log in button Click on **OpenIDConnect.**
- 2. Now use your DUT email address and its password to login.
- 3. From the **Dashboard**, click on the name of the course you wish to develop.

Turn editing on

Use the drop-down arrow <u>next to the gear icon</u> (top-right of your screen) to **turn editing on**.

You need to do this each time you login.

	Rename, add and reorder topics	🖁 Backup
+ Topic 1	Topics are top-level folders you should use to	Ĵ Restore
	structure your course and group content. Later	1 Import
		Anare Share
🕂 Topic 2 🖋	you can also place folders within topics.	← Reset
	1. Click on the pen icon next to a topic to	More
	rename it.	
🕂 Topic 3 🖌		
	2. Press Enter to save the change.	
	To reorder topics, drag the cross-arrows up or o	down.
🕂 Topic 4 🖋		
	To add additional tonics to reflect the structure	of your course

To <u>add</u> additional <u>topics</u> to reflect the structure of your course, go to bottom-right of the screen. NB After clicking on "Add topics", you need to type a digit, indicating the number of new topics you want. The default name will be Topic 5 – you can rename this by clicking on the pen.

Add course content (e.g. a study guide)

Click on + Add an activity or resource to the right of the topic name.

Add course content (e.g. a study guide) (CONTINUED)

- Name the file this is the heading the students will see, e.g. Study Guide. (TIP: as you build your course, use the same conventions for a polished look – e.g. how you use capitals – not Study guide and later Study <u>G</u>uide.)
- 2. Click on the file icon.

Adding a new	File	
- General		
Name	0	
Description		↓ i • B I ≔ ⊨ % % ⊆ ₽ ₽ ₽
		Display description on course page ?
Select files		
		► Files
		1
		You can drag and drop files here to add them.
Appearance		

1.	Click Upload a file.	File picker			×
2.	Click Choose File .	m Server files		 ≣	
3.	Browse to the file on your computer and click Choose.	Upload a file URL downloader M Private files Wikimedia	Attachment Choose File no file selected Save as		
4.	Click Upload this file.		Author Marí Peté Choose license Other ¢ Upload this file		

Add course content (e.g. a study guide) (CONTINUED)

You should now see the icon of the file that you selected for upload.

TIP: You could set **Appearance** so that the file opens in a new window for students – if that is what you want, choose **In pop-up** from the drop-down menu.

Click Save and return to course.

Your file should now appear on the menu – you could **reorder** or move it to another topic, by using the cross-arrows, or **edit** the file or its settings by clicking on the corresponding Edit to the right of that file.

View course as a student	Q	9	Marí Peté [?]	
				_
1. Drop down the menu		Ð	Dashboard	
next to your name (top-right of the screen).		4	Profile	
2. Click Switch role to		⊞	Grades	
3. Click Student .		•	Messages	
		×	Preferences	
Now your editing tools will not show –		•	Log out	
you have a student view of the course.		â	Switch role to	
Switch role to Choose a role to get an idea of how someone with that role will see this course. Please note that this view may not be perfect (See details and alternatives). Teacher Non-editing teacher Student Guest Cancel				

To return to teacher view, drop down the menu next to your name (top right). Click **Return to my normal role**.

TIP: Keep more than one course open

- While you are inside one course -- on the menu on the left, scroll down to Dashboard.
- 2. Right-click on it.
- 3. Select Open Link in a New Tab.

The dashboard will open in a new browser tab. From there you could go to another course.

Enroll another teacher in your course

The Moodle App for mobile devices

The latest version of the Moodle app can be downloaded for free from the Google Play Store or the App Store on (iOS).

You should specify the following address to access the DUT Moodle server: <u>https://tlzprod.dut.ac.za</u>

Check out the App's features here: https://docs.moodle.org/36/en/Moodle_app_features

HELP

- 1. The ? (available throughout Moodle) next to any setting.
- 2. On any Moodle page, scroll down right to the bottom -- to the link *Moodle docs for this page*. This will take you to specific help for that page. (You need to press the browser's Back button to return to your course from Help).
- 3. Moodle docs (everything you need to know about Version 3.6): <u>https://docs.moodle.org/36/en/Main_page</u>
- 4. The Moodle eLearning Support course, where the support team gives tips for the DUT environment.
