

DURBAN UNIVERSITY OF TECHNOLOGY
INYUVESI YASETHEKWINI YEZOBUCHWEPHESHE

COVID-19 RESPONSE TASK TEAM

2 March 2021

Dear students

Calling registered post-graduate students

As part of our strategy to prevent COVID-19 from spreading, DUT screens every person who arrives on campus.

In 2021, a limited number of post-graduate students in both Durban and the Midlands will have the opportunity to play a part in helping to protect the DUT community, while earning a monthly stipend. Post-graduate students will be required for either half a day or a full day, from Monday to Friday.

Those accepted into the programme will receive training, PPE and a certificate of service at the end of the year/semester.

If you are a registered post-graduate student and have time to help with screening, please send your CV to Sister Soori Wardthen on sooriagandhiw@dut.ac.za by 16h00 on Friday, 5 March 2021.

Sincerely

DUT COVID-19 Response Task Team
