PACE ASSESSMENT

Are you feeling confused, overwhelmed or just not sure what career to venture into?

Choosing a career is one of the most important lifetime decisions you will ever make. It is important that you make an informed career decision- this means having an in depth understanding of your personality, values, interests and abilities. The PACE Assessment will furnish you with all this information about yourself which will help you in making a well-informed career decision.

Kindly visit our website to partake in the assessment:
