

Speaker : Yuvraj Singh Rathore
Head Research
Life Ambassador Program

Yuvraj Singh Rathore is a creative marketer and brand strategist with more than 15 years of marketing experience across several sectors. He joined CACTUS in October 2019 as part of its then-new Researcher.Life brand. As Brand & Communication Head, he is responsible for empowering researchers and creating communities. In 2020, he started working on the Researcher.Life Ambassador program, an initiative aimed at building a community of researcher-evangelists. The program has given him the opportunity to interact with over 700 researchers from 50+ countries. This experience helped him understand the motivations and apprehensions of the researcher community and identify ways in which the Researcher.Life team can empower researchers to be successful and join hands with them to support others in the community. He considers it one of the most enriching experiences of his career.

Speaker : Dr. Suman Mundkur
Researcher
Life Ambassador and Research Consultant

Dr. Suman Mundkur is a Research Consultant and founder of Academic Research Consultancy Services and Visiting Faculty, Department of Fibres and Textile Processing, Institute of Chemical Technology, Mumbai. She is also a Researcher.Life Ambassador and published author. Her book, Zeroing In On A Research Topic: Resources and Strategies in Selecting and Narrowing Down is available on Amazon Kindle and Paperback.
