### Medical Insurance

In terms of the Immigration Amendment Act 19 of 2004, any international student coming to study in the Republic of South Africa must provide proof of medical cover registered under the Medical Schemes Act 131 of 1998. This does not apply to those on Asylum Seekers', Refugees', or Diplomats' visas. You cannot register at DUT without providing the International Office with proof of medical aid registered under the above-mentioned Act. It is therefore compulsory for international students to have a South African medical aid, which must be paid for upfront on an annual basis for the duration of your studies. Should you rely on sponsorship, please ensure that you advise your sponsor of this requirement as soon as you get your sponsorship or acceptance. It is not sufficient to produce a letter indicating medical health cover sponsorship. The sponsor must organise payment for the required medical aid cover directly to the medical aid company, separate to that of the tuition fees.
