

MASTER OF HEALTH SCIENCES: ENVIRONMENTAL HEALTH (MHEVHI)

The Master's degree in Environmental Health is offered as a full research qualification. It is offered on a Full time (2 years) or part time (3 years) basis.

Interested students must be in possession of a Bachelor's Degree in Environmental Health (NQF Level 8), Bachelor of Technology in Environmental Health or related disciplines OR must have been granted conferment of status.

If you are interested in applying for the Masters programme for 2024, please send by email:

- 1) A letter of intent outlining your reasons for applying
- 2) An academic record/transcript (certified), note that you should have >60% in Research Methodology
- 3) A CV (max 2 pages)

Due date: 30 June 2023 for the 2024 intake.

Contact: Prof P Reddy (PoovieR@dut.ac.za)

Students will be directed through the Masters selection process by the Postgraduate Coordinator. An interview and entrance test will be administered. Please note that selection is a rigorous process and we get far more applications than we are able to accommodate so the selection process is competitive and admission is therefore not guaranteed.
