

UNIVERSITY STATEMENT

05 August 2023

Dear students and staff

Data for students for interim online learning

Please note that data for students will be provisioned for the month of August 2023, as per the recent EMC-Senex decision related to the implementation of interim online learning from Monday, 07 August 2023. A University Statement was circulated to you via the DUT PinBoard (staff) and DUT4life (student) email accounts. If you missed the statement, you can access the document via this link: [DUT.EMC.Senex.Statement.0508.2023.pdf](#)

Students must note that the data is valid for 30-days only. All students will need to update their cell phone numbers, if necessary.

The DUT ITS system will be open for the update of your cell phone numbers from:

Saturday, 05 August 2023 to Monday, August 07, 2023 @12:00.

The ITS system will be locked for further updates after 12:00 (midday) on Monday, 07 August, 2023. So please **update your details via the ITS system before 12:00 on Monday, 07 August 2023.**

All DUT students are encouraged to check and validate their cell numbers to avoid errors when data is loaded by the Mobile Network Providers.

Sincerely

Dr. Progress Mtshali, Ph.D.
