1. INTRODUCTION

The Durban University of Technology (DUT), in alignment with its ENVISION2030 strategic framework, particularly the third perspective of Sustainability, seeks to enhance the resilience and efficiency of its non-potable water infrastructure. DUT has identified critical issues with its existing borehole systems and aims to restore and expand this infrastructure to reduce reliance on municipal water and support sustainable campus operations.

2. BACKGROUND

DUT currently operates two boreholes located at the Nursery (Ritson Campus), which are connected to three areas:

- The Nursery (for watering plants),
- Steve Biko Campus Open Field (for grass irrigation),
- Steve Biko Sports Ground (for field irrigation).

Each of the above-mentioned site has installed pumps and storage tanks that are presently non-functional, with visible leaks and signs of disrepair. In addition, DUT intends to extend the system to the following locations to supply borehole water to toilets and/or fire water storage tanks:

- Steve Biko Campus:
 - S-Block
 - Alan Petterson Library
 - Sports Centre
 - Student Center (newly constructed)
 - Multi-purpose Hall (newly constructed)
 - Stratford Residence
 - Barea Residence
 - Student Village Residence

DUT also requires the consultant to design a fire water storage tank to be installed at Steve Biko Campus which will be connected to both the borehole harvested water and municipal supply line.

The university requires a professional Water Engineering Consultant to assess the current systems, design the necessary repairs and expansions, and oversee implementation in accordance with ECSA's six-stage framework.

The SUPPLIER shall, immediately upon receipt of such notification, arrange for the SUPPLIES to be removed and until the time of their removal, the SUPPLIES shall be held at the risk and expense of the SUPPLIER. The SUPPLIER shall, immediately upon receipt of such notification, also refund all payments made by the UNIVERSITY for those SUPPLIES together with interest thereon at the prime overdraft rate, charged by the UNIVERSITY'S bankers from time to time, from the date of receipt of such notification to the date of payment.

9.8 Where goods are being sold by mass or measure, same shall be supplied by nett mass and/or metric measure.

9.9 Any quantities which are stated in the order form are based upon estimated probable requirements of the UNIVERSITY during the period of the contract and the UNIVERSITY accordingly reserves the right, at any time prior to DELIVERY of the full quantity stated, to reduce the quantities it requires to be DELIVERED in which case only the reduced quantities shall be DELIVERED and charged for by the SUPPLIER. The SUPPLIER shall have no claim whatsoever against the UNIVERSITY after it has reduced the quantities to be DELIVERED.

 - 10.1.5 if the SUPPLIER changes the identity of its owner;
 - 10.1.6 if the SUPPLIER disposes of any of its assets other than in the ordinary course of its business.
- 10.2 If it appears to the PROCUREMENT DIVISION that the SUPPLIER is not executing the contract in accordance with the true intent and meaning thereof or that it is refusing or delaying to execute the contract or that it is not carrying on the contract at such rate of progress as to ensure DELIVERY within the STIPULATED DELIVERY PERIOD, then in any of such events the PROCUREMENT DIVISION may give written notice to the SUPPLIER of the cause of complaint. Should the SUPPLIER fail, within a reasonable time stipulated in the notice, to satisfy the PROCUREMENT DIVISION, in its reasonable discretion, that the contract is being and will be properly executed as agreed and/or that DELIVERY will be made within the STIPULATED DELIVERY PERIOD, then the UNIVERSITY shall have the right forthwith to cancel this contract.
- 10.3 Any cancellation by the UNIVERSITY, whether in whole or in part, shall be without prejudice to any accrued claims against the SUPPLIER and claims which the UNIVERSITY may have for damages arising out of such cancellation. The SUPPLIER shall have no claim whatsoever against the UNIVERSITY after the contract has been cancelled.

11. LIQUIDATED DAMAGES

- 11.1 It is recorded that time is of the essence of this contract and the SUPPLIES must be DELIVERED and all work completed by the SUPPLIER within the STIPULATED DELIVERY PERIOD.
- 11.2 If the SUPPLIER fails to DELIVER the SUPPLIES or any part thereof within the STIPULATED DELIVERY PERIOD, the SUPPLIER shall pay such sum as is stated in the SPECIAL CONDITIONS as liquidated damages to the UNIVERSITY. The UNIVERSITY shall be entitled to deduct such liquidated damages from any monies which may be due and payable to the SUPPLIER. The provisions of this paragraph shall be without prejudice to any other remedies or claims which the UNIVERSITY may have against the SUPPLIER arising out of this contract or at law and the UNIVERSITY may have recourse to such claims or remedies in addition to or in lieu of its rights to liquidated damages.

The SUPPLIER acknowledges that the UNIVERSITY would not have entered into this contract with it unless these GENERAL CONDITIONS were to prevail and the SUPPLIER accordingly waives, renounces and abandons any conflicting conditions printed or written upon any contract, stationery or documents used by it, regardless of whether such contracts, stationery or documents contain a similar condition to this paragraph 15 in favour of the SUPPLIER. For the purposes of this sub-paragraph 15.2, reference to "these GENERAL CONDITIONS" shall be deemed to include the SPECIAL CONDITIONS.
