Selection Procedure: Meeting the minimum entry requirements does not automatically guarantee acceptance. It depends on the number of applicants and number of places allowed by DUT. A points system is used for admission to the Department of Management Accounting. Applicants are selected in order of merit, based on the subject list above, on a first-come first-served basis and may include an interview.

Please Note: These requirements represent the minimum and students will be ranked according to a points system. Those applicants who meet the minimum requirements but whose overall points rating could put them at risk of not coping with the demands of the regular programme, could be placed on the extended curriculum programme. The extended curriculum programme, through a purposeful and structured set of learning experiences will provide students with the academic foundations necessary for them to succeed on the regular programme.
