

2022 HANDBOOK

HANDBOOK FOR 2022

FACULTY of HEALTH SCIENCES

DEPARTMENT OF COMMUNITY HEALTH STUDIES

The above Department offers two programmes: Environmental Health AND Child and Youth Care

This handbook offers information on both programmes

What is a University of Technology?

A university of technology is characterized by being research informed rather than research driven where the focus is on strategic and applied research that can be translated into professional practice. Furthermore, research output is commercialized thus providing a source of income for the institution. Learning programmes, in which the emphasis on technological capability is as important as cognitive skills, are developed around graduate profiles as defined by industry and the professions.

NOTE TO ALL REGISTERED STUDENTS

Your registration is in accordance with all current rules of the Institution. If, for whatever reason, you do not register consecutively for every year/semester of your programme, your existing registration contract with the Institution will cease. Your re-registration anytime thereafter will be at the discretion of the institution and, if permitted, will be in accordance with the rules applicable at that time.

IMPORTANT NOTICES

The rules in this departmental handbook must be read in conjunction with the General Rules (G Rules) contained in the DUT General Handbook for Students as well as the relevant module Study Guides.

Your attention is specifically drawn to Rule G1 (8), and to the process of dealing with students issues.

FACULTY of HEALTH SCIENCES:

FACULTY VISION, MISSION & VALUES

Vision

Leading Transformative and Innovative Health Sciences Education

Mission

Developing Holistic Professionals responsive to Healthcare needs through Excellence in:

- Teaching and Learning
- Research, Innovation and Engagement
- Fostering Entrepreneurship

Values

Professionalism

To work within regulatory frameworks of professional conduct.

To maintain and develop professional expertise and good work ethic.

Integrity

To conduct ourselves with strong moral principles.

To be honest and authentic.

To do what is ethical and just.

Ubuntu

To treat people with respect, fairness, courtesy, politeness and kindness.

Transparency

To conduct ourselves with openness and honesty through shared governance.

Accountability

To accept responsibility for one's actions.

DEPARTMENTAL VISION, MISSION, VALUES:

(revised November 2020)

Vision

Leaders in Environmental Health & Child and Youth Care Education

Mission

Developing empowered professionals to advance health, safety and well-being of communities through:

Teaching and Learning

Research

Engagement and Entrepreneurship

Values

Integrity

(To act ethically and be trustworthy)

Respect

(To treat people with dignity, empathy and compassion in the spirit of Ubuntu)

Professionalism

(To be accountable and committed in the pursuit of quality, excellence and professional conduct)

2. STAFFING Name and Qualification

Department: Community Health Studies

Head of Department Dr. Moeti Kgware

Doctor of Philosophy: Management Sciences (DUT)

LLM: Public Health Laws (UKZN)

Secretary Mrs Anusha Karamchand

Bachelor of Technology: Office Management & Technology

(DUT)

Technician Ms Melishnee Ruthanam

Masters in Health Sciences: Environmental Health (DUT)

Programme: Environmental Health

Associate Professor Prof Poovendhree Reddy

Doctor of Philosophy: Occupational and Environmental

Health (UKZN)

Senior Lecturer Dr Ivan Niranjan

Doctorate in Technology: Quality Management (DUT)

Lecturers Mr Derrick Gabela

Masters in Public Health (UKZN)

Ms Monica Dalasile

Master of Technology: Environmental Health (DUT)

Programme: Child and Youth Care

Associate Professor Prof Raisuyah Bhagwan

Doctor of Philosophy: Social Science (UKZN)

Lecturers Dr Fathima Dewan

Doctor of Philosophy: Public Administration (DUT)

Ms Thobile Hlengwa

Master's Degree: Higher Education (UKZN)

Ms Mirriam Siluma Master of Technology: Child and Youth Care Work (UNISA)

Mrs Charlene Singh Master of Technology: Public Management (Cum Laude) (DUT)

3. DEPARTMENTAL INFORMATION AND RULES

NB: All RULES as per the DUT General Handbook for students will apply.

3.1 Programmes offered by the Department:

This Department offers two programmes:

- Environmental Health
- Child and Youth Care

3.2 Qualifications offered by the Department

Learning programmes offered in this Department will, upon successful completion, lead to the award of the qualifications as illustrated in Table 1.

Table 1: Qualifications offered by the Department of Community Health Studies

5444.65			
Qualification	Qualification Code	SAQA NLRD number	Important Dates
BHSc: Environmental Health	BHEVH1/BHEVH2	94797	2016 (start date)
MHSc: Environmental Health	MHEVHI	72181	2016 (start date)
Doctor of Environmental Health	DREVHI	1111124	2020 (start date)
Bachelor of Child and Youth Care	BCCYC2/BCCYC3	94178	2016 (start date) 2021(start date)
Master of Child and Youth Care	MHCYCI	118133	2022(start date)

3.3 Departmental Information

3.3.1 Academic Integrity

The General Rules pertaining to academic integrity G13 (1)(o) apply. These will be enforced wherever necessary to safeguard the worthiness of our qualifications, and the integrity of the Faculty of Health Science at the Durban University of Technology (DUT).

Plagiarism - the presentation of the work, idea or creation of another person as though it is your own - is a very serious academic offence that may lead to expulsion from the Institution. Plagiarism occurs when the origin of the material used is not appropriately cited. Enabling plagiarism - the act of assisting or allowing another person to plagiarize or to copy your own work, is also an offence.

3.3.2 Conduct of student in laboratory/lecture theatres

Rule of conduct pertaining to a specific laboratory/lecture theatre as instituted by the Head of this department shall apply to all students registered for the particular module.

3.3.3 Work done during the year/semester

- I. The calculation of the year/semester mark for each module is included in the respective syllabi (Rule G12/1).
- 2. In addition to the general requirements for a year/semester mark, satisfactory attendance is required. It is therefore the responsibility of all students to ensure that a register is signed during all academic activities.
 - (i)75% attendance of all lectures, tutorials and/or practical classes in a module;
 - (ii) The compulsory attendance at all functions, organized outings and educational tours arranged by the department (costs to be borne by the student).
 - iii) Should there be timetable clashes, Rule G3(1) (i-k) will apply.

3.3.4 Health and Safety

Students must adhere to all DUT Health and Safety regulations while at both DUT and in WIL placements. Failure to do so will be treated as a breach of discipline.

3.3.5 Special tests and condonement

Due to COVID-19 related restricts some assessment might have to be undertaken virtually. In addition some summative assessments might also have to be changed to continuous assessment methods. Clarity on the nature of assessments will be communicated to students upon receipt of relevant decisions from university management.

If a student misses an assessment for reasons of illness, a special assessment may be granted if the student provides a valid medical certificate specifying the nature and duration of the illness, and a declaration that for health reasons, it was impossible for the student to sit for the assessment. The certificate must be submitted to the module lecturer no later than five (5) working days after the "fit for duty" date on the medical certificate.

If a student misses an assessment for reasons other than illness, a special assessment may be granted if the student provides a valid declaration that for unavoidable reasons, it was impossible for the student to sit for the assessment. This declaration must be submitted to the module lecturer no later than two (2) working days after the date of the missed assessment.

Any student who misses an assessment and who does not qualify for a special assessment, and any student who qualifies for a special assessment but fails to write it, shall be given a zero mark for the missed assessment.

3.3.6 Late submission of assignments

A student will be penalized if assignments are not submitted on the due date and time.

Students are reminded that assignments are given well in advance and that last minute problems can be avoided by completing assignments before the due date. <u>Faculty rule applies</u>: late submissions will constitute a 10% deduction for every day the assignment is late.

3.3.7 Consultation on student matters

Students with queries or problems are urged to follow the route of: Student -> class rep -> lecturer / level coordinators -> HOD -> Deputy Dean -> Executive Dean -> DVC (Academic) -> Vice-Chancellor.

3.3.8 Student Appeals

Rule G1 (8) refers to: Any student wishing to appeal against:

- (a) The implementation of an Institutional Rule must do so in the first instance to the relevant Head of Department;
- (b) The decision of a Head of Department must do so via the relevant Executive Dean to the Faculty Board or a delegated Committee of the Faculty Board. The decision of the Faculty Board or a delegated Committee of the Faculty Board is final and no further appeals will be considered thereafter. (Amended w.e.f. 2009/01)

SECTION A:

4. PROGRAMME: ENVIRONMENTAL HEALTH

- Bachelors of Health Sciences: Environmental Health (BHEVH1 BHEVH2)
- Master of Health Sciences: Environmental Health (MHEVHI)
- Doctor of Environmental Health (DREVHI)

4.1 BACHELORS OF HEALTH SCIENCES: ENVIRONMENTAL HEALTH (BHEVHI)

This degree is at level 8 of the National Qualifications Framework (NQF) and candidate who graduate with this qualification can articulate into Masters qualification (NQF Level 9).

4.1.1 Programme Information

The Programme is over four years with 8 semesters of various modules that are specific with one compulsory General Education (Gened) module called DUT Cornerstone and other Gened modules over the successive three years of the Degree. Students are encouraged to work steadily through the period of registration in order to achieve the highest results possible. Assessments include both examinations and continuous assessment for specific modules. Assessment details are listed below. Moderation follows the DUT requirements.

^{**} A student carrying any 1st year module(s) from semester 1 cannot register for Food Hygiene 1 (FHYG101) in the 2nd year, semester 1.

This is due to the practical meat component that requires a student to spend a number of working days off campus.

4.1.3 Programme Rules

4.1.3.1 Admission Requirements

In addition to Rule G7*, the minimum entrance requirement is a National Senior Certificate (NSC), Senior Certificate (SC) or National Certificate Vocational NC(V), valid for entry into a Bachelor's Degree and must include the following subjects at the stated minimum ratings.

Minimum admission requirements

NSC REQUIREMENTS		SENIOR CERTIFICATE REQUIREMENTS		NC(V)	REQUIREMENTS	
Compulsory Subjects	NSC Rating	Compulsory Subjects	Symbol HG	Symbol SG	Compulsory Subjects	NC(V) Rating
English	4	English	D	В	English	70%
Mathematics	4	Mathematics	D	В	Mathematics	70%
Life Sciences	4	Biology	D	В	Physical Science	70%
Physical Sciences	4	Physical Sciences	D	В	Life Sciences	70%
And two additional subjects from the designated 20-credit NSC list. Only one of the additional subjects can be a language.	4				Four other subjects, only one of which may be a language	70%

In addition to Rule G7*, the minimum entrance requirement for a holder of a valid National Certificate (Vocational) for entry into a Bachelor's Degree must include the following subjects at the stated minimum ratings below: The DUT general rules G7 (3)* and G7 (8)* respectively will apply. The DUT's Admissions Policy for International Students and General Rules G4* and G7 (5)* will apply.

4.1.3.2 Selection Criteria

All applicants must apply through the Central Applications Office (CAO). In accordance with Rule G5, acceptance into the programme is limited. Since more applications are received than can be accommodated, the following selection process will apply: Initial shortlisting for selection is based on the applicant's academic performance in Grade II and or I2. Shortlisted applicants scoring more than twenty four (24) points in their matriculation examination stands a better chance of being selected. The point scores for each NSC, SC or NC (V) results are obtained below:

Point scores

Results NSC	NSC	Senior Certific	NC(V)		
Results NSC	NSC	HG	SG	140(4)	
90-100%	8	8	6	6	
80-89%	7	7	5	5	
70-79%	6	6	4	4	
60-69%	5	5	3	3	

50-59%	4	4	2	2
40-49%	3	3	1	1

No points are allocated for ten (10) credit subjects.

Applicants who meet the minimum Departmental admission requirements will be ranked and may be invited to participate in the selection process.

Shortlisted candidates/applicants will be invited to complete a written questionnaire and participate in an interview.

Final acceptance into the programme is based on the NSC/SC/NC (V) results, the written questionnaire and interview.

Selection is based on the criteria and weightings below:

Weighting of assessments

6	
Assessment	Weighting (%)
Results of the National Senior Certificate /	50
Senior Certificate/ National Certificate (Vocational)	
Written questionnaire	30
Interview	20 (A sub-minimum must be achieved
	for the applicant to be considered)

Provisional acceptance is given to selected applicants awaiting NSC and NC (V) results. If the final Grade 12 NSC/NC (V) results do not meet the minimum entrance requirements, this provisional acceptance will be automatically withdrawn.

Applicants whose application has been declined due to poor academic achievement in grade I may reapply to the programme should they be able to show improved academic performance in the final grade I2 examinations. Those applicants who wish to reapply should immediately notify the programme of their intention to reapply. In order for the application to be reconsidered, the applicant must submit the final grade twelve (I2) results to the Department as soon as these results are available.

4.1.4 Duration of Study

In accordance with the DUT Rule G23B (2)* and Rule G23B (3)*, the minimum duration of study is four (4) years and the maximum duration will be six (6) years of registered study.

4.1.5 Progression Rules

4.1.5.1 In addition to Rules G16* students must pass all pre-requisite modules before registration for higher level modules. Students must also pass at least two modules per semester in order to progress to the next study period.

[Rule approved at SENATE 13.11.2019]

4.1.5.2 A student carrying any module(s) from 1st year (semester 1) will not be allowed to register for Food Hygiene 1 (FHYG101) in the 2nd year (semester 1).

[Rule approved at SENATE 13.11.2019]

4.1.5.3 A student may only register for modules in the 4th year provided they have attained a minimum of 208 credits in preceding modules for the Bachelors of Health Sciences Degree: Environmental Health.

[Rule approved at SENATE 13.11.2019]

4.1.6 Exclusion Rule

In addition to the DUT General Rule G17*, a first year student who fails 50%+I modules with an average of less than 40% in the failed modules, at the end of year I, is not permitted to re-register in the Environmental Health programme. Deregistration from any module is subject to the provisions of Rule G6 (2)*.

[Rule approved at SENATE 13.11.2019]

4.1.7 Interruption of Studies

Should a student interrupt their studies for a period of <u>more than three (3) consecutive</u> <u>years</u>, the student will need to apply to the department for permission to re-register and will need to prove currency of appropriate knowledge prior to being given permission to continue with registration.

4.1.8 Registration with the Health Professions Council of South Africa (Environmental Health)

Students are required to be registered with The Health Professions Council of South Africa (Environmental Health Board) by March of their first year of studies. Registration fees and submission of registration documents will be the responsibility of the student. (Approved Senate: w.e.f. 20/8/2014). On completion of the 4 year degree, the onus is on the graduate to then register with the HPCSA.

4.2 MASTER OF HEALTH SCIENCES: ENVIRONMENTAL HEALTH (MHEVHI)

4.2.1 Programme Information

The Masters in Environmental Health is offered as a full research qualification. Students wishing to enroll for the MHSc: Environmental Health must comply with Rule G24.

A research project shall be conducted under the supervision of a supervisor or project panel as approved by the Faculty Research Committee. The presentation of the results in the form of a dissertation must be in accordance with DUT General Rules (G23) and as per guidelines of the Research and Postgraduate Directorate.

4.2.2 Learning Programme Structure

Code	Module			_	Prerequisite Modules	Co-requisite Modules
	Research Project and Dissertation (1st Registration)	I	Е		BTEVHI BHEVHI	none
	Research Project and Dissertation (Successive Registration)	2	Е	NA	None	none

4.2.3 Minimum Admission Requirements

In addition to the General Handbook for Students Rule G24 (I),

candidates must be in possession of a Bachelor of Health Sciences in Environmental Health (NQF Level 8), Bachelor of Technology in Environmental Health or related disciplines <u>OR</u> must have been granted conferment of status according to Rule G10A. Candidates may also apply for admittance via Recognition of Prior Learning (RPL) in accordance with Rule G7 (8) and / or G10B.

4.2.4 Selection Procedures

In accordance with Rule G5, acceptance into the Master of Health Sciences in Environmental Health is limited and competitive and admission is therefore not guaranteed.

Students will be directed through the Masters selection process by the Postgraduate Coordinator. They will be required to submit a research concept paper to the Head of Department within a specified deadline. Thereafter, an entrance test will be administered. Selection is based on both the concept document and entrance test.

After acceptance into the MHSc pogramme, the student will work on a proposal and research project under the guidance of an appointed supervisor and/or co-supervisor.

4.2.5 Interruption of Studies

Should there be bona fide reasons for the interruption of studies for a period of one (I) year or more once the candidate is formally registered, the student may apply for an interruption of registration. Registration may be interrupted under exceptional circumstances only and is not done retrospectively. Refer to Rule G26(4).

4.3 DOCTOR OF ENVIRONMENTAL HEALTH (DREVHI)

4.3.1 Programme Information

The Doctor of Environmental Health is offered as a full research qualification. Students wishing to enroll for the Dr: Env Health must comply with Rule G24. This 360-credit qualification is offered at the HEQSF Level 10. This programme comprises a novel, comprehensive, independently executed research project that culminates in a thesis. The student will undertake self-study that will comprise proposal writing, literature review and writing up of a thesis under guidance of the appointed supervisor/s. Contact with supervisor/s and access to the library and available online databases and e-journals is essential throughout the research process. The conducting of fieldwork/laboratory work / data collection will be undertaken under supervision following the applicable research methodology in compliance with DUT's Institutional Research Ethics requirements. The presentation of the results in the form of a dissertation must be in accordance with DUT General Rules (G23) and as per guidelines of the Research and Postgraduate Directorate. Guidelines are contained in the Post Graduate Student Handbook.

4.3.2 Assessment and Moderation:

Post graduate assessment will be aligned to the DUT Postgraduate policies and guidelines. Rule G25 (4) and the Postgraduate Student Handbook apply.

4.3.3 Learning Programme Structure

	Code	Module				Prerequisite Modules	Co- requisite
ĺ		Research Project and	_		2.0	None	None
		Dissertation		Examination			

4.3.4 Minimum admission requirement

In addition to Rule G25 (1), candidates must be in possession of a: Master's degree in Environmental Health (NOF 9)

Or

A Masters degree in a related field of which admission is granted by: conferment of status

Or

RPL according to Rule G10 (a).

Students are selected into the programme once they have completed a concept document and the Department Research Committee has discussed the viability of the proposed topic for the qualification and approved it. A sound knowledge of the fundamental principles and concepts of research and statistical methods is required.

4.3.5 Publication

Students registered for this qualification are required to have at least ONE submitted article to a DHET approved journal prior to completion of the degree.

[7.2.1 – 7.2.3: Approved by SENATE 13.11.2019]

4.3.6 Interruption of Studies

The minimum duration for this programme shall be two consecutive years of registered study and the maximum duration will be four years of registered study {Rule G25 (2)}. Should there be bona fide reasons for a break of a year or more once you are formally registered, you may apply for a suspension of registration. Your registration may be suspended only under exceptional circumstances, and is never done retrospectively. In addition to Rules G6 (b) and G26 (4), interruption of studies could be applied for via the Executive Dean and the Head of department.

Should a student interrupt their studies by more than three (3) years, the student will need to apply to the department for permission to reregister and will need to prove currency of appropriate knowledge prior to being given permission to continue with registration. Please refer to the Postgraduate Student Handbook.

4.3.7 Re-Registration

Re-registration Rule G26 (5) and the Postgraduate Student Handbook apply.

4.3.8 Exclusion Rules

Rules G25 (2)(b; c(ii)) in the General Student Handbook; and the Postgraduate Student Handbook apply.

5. MODULE CONTENT & ASSESSMENT PLANS:

5.1 BACHELOR OF HEALTH SCIENCES: ENVIRONMENTAL HEALTH (BHEVH2)

Course work for all modules will comprise assessments consisting of: theory and practical tests, presentations, group work projects, portfolio of evidence etc. WHERE APPLICABLE, in modules with a final examination, these examinations will count fifty percent (50%) of the final mark. Specific assessment details are available in the Module Study Guides.

6.1.3 Programme Rules

6.1.3.1 Minimum Admission Requirements

In addition to Rule G7, the minimum entrance requirement is a National Senior Certificate (NSC), a Senior Certificate (SC) or a National Certificate Vocation NC (V) valid for entry into a Bachelor's Degree and must include the following subjects at the stated minimum ratings below:

NSC REQUIREMENTS	SENIOR CERTIFICATE REQUIREMENTS			NC (V) REQUIREMENTS			
Compulsory subjects	NSC Rating	Compulsory subjects	Symbol HG	Symbol SG	I /	NC Rating	(V)
English	4	English	B (second	language)	English	70%	
Three(3) additional subjects from the designated 20- credit NSC subjects (not more than one additional language)					Any two (2) fundamental subjects Any four (4) vocational	70% 70%	

		subjects	

6.1.3.2 Selection Criteria

All applicants must apply through the Central Applications Office (CAO). In accordance with Rule G5, acceptance into the programme is limited. Since more applications are received than can be accommodated, the following selection process will apply:

Initial shortlisting for selection is based on the applicant's academic performance in Grade II and or I2.

The point scores for each NSC, SC or NC (V) results are obtained below:

Point Scores

RESULTS	NSC	Senior Cer	tificate SG	NC(V)
90-100%	8	8	6	6
80-100%	7	7	5	5
70-79%	6	6	4	4
60-69%	5	5	3	3
50-59%	4	4	2	2
40-49%	3	3	1	1

Applicants who meet the minimum departmental admission requirements will be invited to participate in the selection process.

Shortlisted applicants will be invited to undertake a written assessment and participate in an interview.

Final acceptance into the programme is based on the NSC/SC/NC (V) results, the written assessment, the interview and evidence of community service.

The applicant will be required to present evidence of a minimum of 20 hours of volunteer work with children, youth, families or communities e.g. reference letter, certificate of participation etc.

Selection is based on the criteria and weightings in table below:

Weighting of assessments

Assessment	Weighting (%)
Results of the National Senior Certificate/Senior Certificate/National	40
Certificate (Vocational)	
Written assessment	30
Interview	20 (A sub-minimum must be
	achieved for the applicant to be
	considered)
Evidence of community service	10

Provisional acceptance is given to selected applicants awaiting NSC and NC (V) results. If the final Grade 12 NSC/NC (V) results do not meet the minimum entrance requirements, this provisional acceptance will be automatically withdrawn.

Applicants whose application has been declined due to poor academic achievement in Grade 11 may reapply to the programme should they be able to show improved academic performance in the final Grade 12 examinations. Those applicants who wish to reapply should immediately notify the programme of their intention to reapply. In

order for the application to be reconsidered, the applicant must submit the final grade 12 results to the Department and CAO as soon as these results are available.

6.1.3.3 Duration of Study

In accordance with the DUT Rule G23B (2)and Rule G23B (3), the minimum duration of study is four (4) years and the maximum duration will be six (6) years of registered study.

6.1.3.4 Progression Rules

In addition to DUT Rule G16*, students must pass all prerequisite modules before registration for higher level modules. Students must pass at least two modules per semester in order to progress to the next study period.

[Rule approved at SENATE 13.11.2019]

6.1.3.5 Exclusion Rules

In addition to the DUT General Rule G17*, a first year student who fails 50%+1 modules with an average of less than 40% in the failed modules, at the end of year I, is not permitted to re-register in the Child and Youth Care programme. De-registration from any module is subject to the provisions of Rule G6 (2)*.

[Rule approved at SENATE 13.11.2019]

6.1.3.6 Interruption of Studies

Should a student interrupt their studies for a period of more than three (3) consecutive years, the student will need to apply to the department for permission to re-register and will need to prove currency of appropriate knowledge prior to being given permission to continue with registration.

6.1.4 Child and Youth Care Work Practice

In addition to Rule G28 the following should be noted:

Child and Youth Care Work Practice is a compulsory component of this programme and the student is required to spend time in designated child and youth care organisations as well as meeting particular outcomes as specified in the study guide for the module.

A completed log sheet must be submitted by the end of the second semester each year and must provide detailed proof of all completed Child and Youth Care Work Practice learning activities.

Students are required to comply with the rules and regulations of the Child and Youth Care organization in which they are placed.

Disciplinary matters occurring at the organization will in the first instance be subject to the organization's disciplinary code of conduct and then referred to DUT for student disciplinary action.

6.1.5 Registration with the Professional Board

Students are required to be registered with the Professional Board for Child and Youth Care from their first year of study. Registration fees and submission of registration documents will be coordinated by the programme. On completion of the 4-year degree, the onus is on the graduate to then register with the South African Council for Social Service Professionals (SACSSP).

6.2 MASTER OF CHILD AND YOUTH CARE

6.2.1 Programme Information

The Master of Child and Youth Care is offered as a full research qualification G24(3). Students wishing to enroll for the Masters degree must comply with Rule G24.

A research project shall be conducted under the supervision of a supervisor or project panel as approved by the Faculty Research Committee. The presentation of the results in the form of a dissertation must be in accordance with DUT General Rules G24 (4) and as per guidelines of the Research and Postgraduate Directorate. Guidelines are contained in the Post Graduate Student Handbook.

6.2.2 Learning Programme Structure

Code	Module	Year	Assessment	HEQF	Prerequisite	Co-requisite
		of Study	Type (CA/E)	credits	Modules	Modules
	Research Project and Dissertation (1st Registration)	I	E		BCCYC1/ BCCYC2/ BCCYC3	none
	Research Project and Dissertation (Successive Registration)	2	E	180	None	none

6.2.3 Minimum Admission Requirements

In addition to the General Handbook for Students Rule G24 (I),

candidates must be possession of a Bachelor's Degree in Child and Youth Care, or a related Postgraduate Diploma, Bachelor Honours Degree or four year professional Bachelor's Degree (NQF level 8). Entry may also be obtained through being granted status or advanced standing according to Rule G10.Candidates may also apply for admittance via Recognition of Learning (RPL) in accordance with Rule G7 (8) and / or G10B.

6.2.4 Selection Procedures

In accordance with Rule G5, acceptance into the Master of Child and Youth Care is limited and admission is therefore not guaranteed. In the event of there being more applicants than the enrolment plan allows, selection will be based on the following criteria:

 Ranking of candidates based on academic performance in the undergraduate programme.

- An interview
- A concept paper of the proposed research, submitted to the Departmental Research Committee for approval

Students will be directed through the Masters selection process by the Postgraduate Coordinator. After acceptance into the Masters pogramme, the student will work on a proposal and research project under the guidance of an appointed supervisor and/or co-supervisor.

6.2.5 Minimum and maximum duration

The minimum duration for Master's degree shall be one academic year of registered study. If a student fails to complete the qualification after three years of registered study , the Senate may refuse to renew the student's registration or may impose any conditions it deems fit. A student may apply to the Executive Committee of the Faculty Board for an extension.

6.2.6 Interruption of Studies

Should there be bona fide reasons for the interruption of studies for a period of one (I) year or more once the candidate is formally registered, the student may apply for an interruption of registration. Registration may be interrupted under exceptional circumstances only and is not done retrospectively. Refer to Rule G26(4).

Module name and code	Learning areas/content	Assessment Plan
YEAR I		
Child and Youth Care Work I	Historical western approaches to child-rearing	Exam mark 60%
	Traditional approaches to child-rearing	Year mark 40%
	Development of CYC work	Final mark 50%
	Purpose of child and youth care work -scope, role,	
	functions	
	Transformation of SA CYC system	
	Current influences shaping CYC practice in SA	
	Contexts of care —settings	
	Community-based care	
	The legal and ethical framework —child rights	
	Professionalism, ethics	
	Methodologies of child and youth care work- care,	
	relationship, life-space work, milieu therapy, group	
	approaches, creativity, and activity-based approaches	
	Teamwork	

	Canadassina and life annea auraminian	
Haman Davidania at 1	Consultative and life-space supervision.	F
Human Development I	The developmental perspective and the medical model	Exam mark 60%
	Domains of development (physical, social, emotional,	Final mark 50%
	cognitive, spiritual)	rinai mark 50%
	Developmental needs	
	Stages, characteristics, challenges and tasks of theories	
	related to social, cognitive, emotional, moral and contextual	
	development will be explored (Erikson, Kohlberg, Gilligan,	
	Rogers, Bandura, Vygotsky, Ainsworth, Bloom, Maslow,	
	Piaget, Jung, Skinner,	
	Winnicot, Adler, Bruner,	
	Bronfenbrenner, Marx, Durkheim, Bowlby, Circle of	
	Courage, etc.)	
	The strengths, weaknesses and cultural appropriateness of	
	the theories and how they relate to behaviour in the South	
	African context will be evaluated	
	Theories and approaches of developmental care (physical	
	care, social care, emotional care), theories of caring (e.g.,	
	Watson).	
Behaviour Management I	Introduction to behavioral theories and theoretical	Exam mark 60%
	approaches to understanding	Year mark 40%
	Behaviour, e.g., sociological, psychological	Final mark 50%
	Conceptual issues: definitions and purposes of behaviour	
	and behaviour management	
	Proactive and reactive	
	Types of challenging behavior	
	Principles of behaviour management	
	Introduction to behaviour management techniques, e.g.,	
	containment, routine	
	Prohibited strategies in relation to child rights	
	Observation and recording	
	Influence techniques, e.g., Maier.
